

Family Resource Network

Our Family Resource Network Services are available for all Albertans with children aged 0 – 18.

Family Resource Network believes that as long as a child is safe, they can achieve their greatest potential within their family unit. FRN educates parents and caregivers about child development, provides social supports, and offers coping and problem-solving skills in order to build resiliency and success within families and communities. **Services include:**

Early Childhood Development

Early Childhood Development will serve families with children aged 0-6. Child activities will be directly related to: Fine Motor Skills, Gross Motor Skills, Communication Skills, Problem Solving Skills and Personal-Social Skills. Programs will include staff supervised Parent/Child Play; Developmental Screening Sessions with Ages and Stages Questionnaires; and Supported Play Sessions where collaborative partners (Occupational Therapists, Speech Pathologists) attend to assist parents with questions and strategies for improved developmental outcomes.

Child and Youth Development

Child and Youth Development will serve families with youth aged 7 - 18. Program examples are social skills groups, life skills groups, anger management groups, coping skills groups and youth leadership development.

Parent Education

Parent Education will serve families with children and youth aged 0-18. Parent education curriculums used are empirically supported and evidence based. Further examples of programming include Connect, Kids Have Stress Too, Triple P, Circle of Security and Active Parenting.

Family Support

Family Support will serve families with children and youth aged 0 - 18. Programming is intended to build parental/caregiver resiliency and is focused on the family unit to promote family wellness. Programs are flexible and goal oriented to fit each family's specific needs with a focus on strengthening protective factors and reducing risk factors for all members of the family.

Home Visitation

Home Visitation will serve families with children aged 0-6. This program is designed to support families in providing a nurturing, stimulating and safe environment for their children from prenatal until the child turns six. Families with new babies participate in home visitation services by trained staff in a way that meets their specific needs.
